MEMORANDUM FOR THE RECORD

SUBJECT: The Proposal for Associated Programs for CS Records Training and
the Associated Programs for CI Training

1. On 14 January 1965, I was informed by ████████████████ that he has   25X1A9a

prepared two papers for ██████████████████████████ These endorse   25X1A9a

the Associated Programs for CS Records Training and the proposal for creation

of a CI Information Support Course. The consideration of the CI Fam Course (either

shortening the course or otherwise modifying the course is held in limbo until

the resolution of the proposal for the CI Operations Course.

25X1A9a 2. As regards the above, ████████ did not indicate whether or not he

is to take action to assure staff coordination with Systems Group and with RID.

3. On the same day I talked with ████████████ of Systems Group who   25X1A9a

asked me the status of the porposals. I pointed ou that we are taking no action

at present, but that we understood that CI Staff was initiating an indorsement of

programs as indicated above. He replied that Systems Group is waiting to be

asked for formal approval, etc. I suggested that I hoped that the CI Staff

endorsement would be coordinated with Systems Group. Frank said he would look out

for it.   25X1A9a

25X1A9a 4. Conversation with ████████████ RID/TRO on 13 Jan indicates that Mr.

████ also awaits formal request for approval by RID.

25X1A9a 5. In the conversation in para 1 above, ████████████ also informed me that   25X1A9a
      25X1A9a

████████████ has made an appointment to lunch with ████████████ next week. At this

time ████████ will be very careful to point out that whereas CI Staff approves of

25X1A9a the training proposals as outlined that initiation of the sequential training outlined

these proposals will be ████████████ job and that this will be much more difficult

25X1A9a appears on the surface.

Remarks:

25X1A9a

    The attached was written by ███████ and has a bearing on my recent paper on the CI Ops Course. Should we also take action in requesting "formal approval" for the Records Training Courses, etc? Or should we let ███████ do the whole job of answering us on the Records Program and CI Program at the same time?

It may be that I
will have to spell out to
all concerned that there
is to be a "sequential"
order in taking these
courses, while I do not
expect 100% compliance
it is up to him & to us
to see if it can be
followed. Discuss with
█████████ & let me know.
